

ALJOHARA ALMUSALLAM

Biomedical Engineer | SCE | SCFHS | Riyadh, Saudi Arabia | +966560951324 | Aljohara.almusallam1@gmail.com | [LinkedIn](#)

OBJECTIVE

Passionate graduate seeking opportunities in healthcare technology, digital health, data, and innovative solutions, where I can apply my technical and problem-solving skills.

EXPERIENCE

Biomedical Engineer (Internship)

National Guard Health Affairs (NGHA) | Riyadh, Saudi Arabia (Jul 2025 – Jul 2026)

- Performed preventive and corrective maintenance, troubleshooting, testing, and calibration of 300+ medical devices.
- Supported medical equipment management and documentation using AssetPlus CMMS.
- Contributed to a printer and scanner configuration project, supporting deployment across approximately 1,200 devices throughout the hospital.
- Conducted a network inventory of Omnicell Workstations, documenting MAC addresses, IP addresses, and device locations to support network troubleshooting and static IP configuration.
- Gained Exposure to healthcare systems, HL7, PACS, middleware, and integration workflows.

EDUCATION

Bachelor's Degree in Biomedical Engineering

King Saud University | Riyadh, Saudi Arabia (2021-2025) | First Class Honors (GPA: 4.82 / 5.00)

PROJECTS

Home Healthcare Application

Graduation Project – King Saud University (2025)

Designed a digital platform that connects patients with home healthcare providers to improve accessibility and service delivery. Contributed to UI/UX design, workflow analysis, and project coordination. [View the project](#)

Drug Interaction Detection System

King Saud University (2025)

Developed an Excel-based system to detect potential drug-drug interactions between previously dispensed and newly selected medications. [View the project](#)

CERTIFICATIONS

- **Fluke Biomedical Equipment Operational Training** – Aljeel Medical (2026)
- **McKinsey Forward Program** – McKinsey & Company (2026)
- **AI Skills 4 Women** – Founderz Business School (2026)
- **Microsoft Azure AI Fundamentals** – UNESCO ICAIRE × Microsoft (2025)
- **MATLAB Onramp & Image Processing Onramp** – MathWorks (2022,2024)

SKILLS

Technical: Medical Device Maintenance & Troubleshooting | Testing & Calibration | CMMS | HL7 & Middleware | UI/UX Design

Software: SQL | MATLAB | Python (Basic) | Microsoft Office Suite | Microsoft Azure

Professional: Analytical Thinking | Problem Solving | Communication | Teamwork | Adaptability | Time Management

LANGUAGES

Arabic : Native | **English**: professional working proficiency
