

ALJOHARA ALMUSALLAM

Biomedical Engineer

Riyadh, Saudi Arabia | +966560951324 | Aljohara.almusallam1@gmail.com

OBJECTIVE

Biomedical Engineering fresh graduate seeking to apply clinical training and technical skills in a healthcare environment to support safe and efficient medical technology operations.

EDUCATION

Bachelor's Degree in Biomedical Engineering

King Saud University | Riyadh, Saudi Arabia

Jul 2026 — May 2025

First Class Honors (GPA: 4.82 / 5.00)

EXPERIENCE

Biomedical Engineering Intern

National Guard Health Affairs (NGHA) | Riyadh, Saudi Arabia

Jul 2025 — Jul 2026

Hands-on training in preventive and corrective maintenance of medical devices, inspection and troubleshooting, CMMS (AssetPlus) utilization , with exposure to hospital systems, HL7, and integration workflows.

PROJECTS

Home Healthcare Application

Graduation Project – King Saud University

Designed a digital platform that connects patients with home healthcare providers to improve accessibility and service delivery. Contributed to UI/UX design, workflow analysis, and project coordination.

CERTIFICATIONS

- **Fluke Biomedical Equipment Operational Training** – Aljeel Medical (2026)
- **McKinsey Forward Program** – McKinsey & Company (2026)
- **AI Skills 4 Women** – Founderz Business School (2026)
- **Microsoft Azure AI Fundamentals** – UNESCO ICAIRE x Microsoft (2025)
- **Research Bioethics** – NCBE / KACST (Valid until 2028)
- **MATLAB Onramp & Image Processing Onramp** – MathWorks (2022,20224)

SKILLS

Technical: Medical device maintenance & troubleshooting, Preventive & corrective maintenance, Device testing & calibration, AssetPlus CMMS, Fluke biomedical test equipment, HL7 & Middleware (Fundamental), MATLAB, Python (Basic), Arduino (Basic), UI/UX Design

Software: Microsoft Office Suite, Microsoft Azure

Professional: Analytical thinking, Problem solving, Communication, Teamwork, Adaptability, Time management

LANGUAGES

Arabic: Native

English: Professional Working Proficiency
